Maintenance:

- ♦ Keep the LED light clean and free from dust.
- ♦ Avoid exposing the LED light to extreme temperatures or moisture.
- ♦ Do not disassemble the LED light or attempt to replace any parts.

FAQs:

Q: Can I use the LED light with my phone's USB charger?

A: Yes, you can use the LED light with any USB device that provides a 5V power supply.

Q: How long can I use the LED light before it needs to be replaced?

A: The LED light has a long lifespan of up to 50,000 hours. It should last for several years with normal use.

Q: Can I adjust the brightness of the LED light?

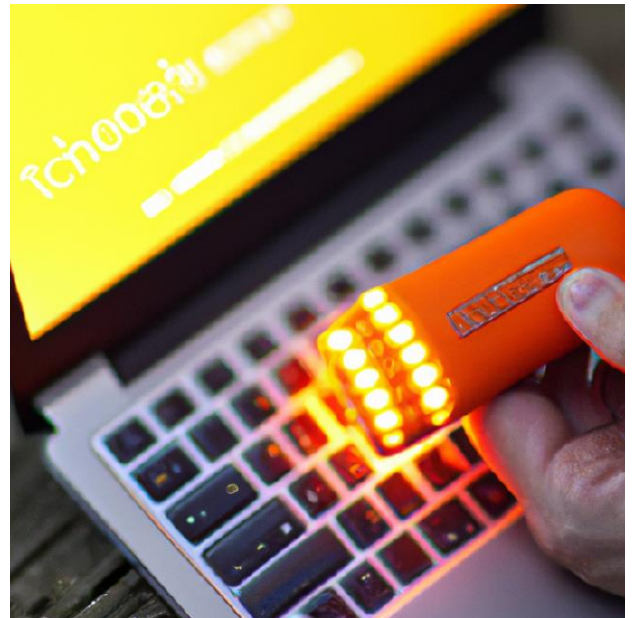

A: No, the LED light has a fixed brightness level.

Tips for Best Use:

- ♦ Use the LED light in a dark room for best results.
- ♦ Adjust the neck of the LED light to avoid glare on your screen.
- ♦ Use the LED light to illuminate other objects besides your laptop screen, such as a notebook or a book.
