## FAQs:

Q: Can I use this hair dryer on wet hair?

A: No, it is recommended to towel-dry your hair before using the hair dryer.

Q: How often should I clean the rear filter?

A: It is recommended to clean the rear filter after every use to maintain optimal performance.

Q: Is this hair dryer suitable for all hair types?

A: Yes, this hair dryer is suitable for all hair types, but you may need to adjust the speed and heat settings accordingly.

Q: Can I use this hair dryer while traveling abroad?

A: Yes, this hair dryer is compatible with a voltage of 220-240V and 50/60Hz, but you may need to use a travel adapter to fit the plug in different countries.

## TROUBLESHOOTING:

Here are some possible problems that you may encounter with your SENCOR SHD 8270 VT Hair Dryer and their respective solutions:

1. Hair dryer won't turn on.

Check if the power source is working properly.

Make sure that the hair dryer is properly plugged in.

Try using a different outlet.

Check if the hair dryer's switch is turned on.

2. Hair dryer produces weak airflow.

Check if the air intake and filter are clean.

Try removing any clogs in the nozzle and air vent.

Check if the hair dryer has overheated, and let it cool down before using again.

3. Hair dryer produces excessive noise.

Check if the hair dryer's attachments are properly attached.

Remove any loose items inside the hair dryer.

Try using a lower setting in the hair dryer.

4. Hair dryer produces excessive heat.

Check if the hair dryer's filter and air vent are free from any clogs.

Use a lower heat setting in the hair dryer.

5. Hair dryer emits a burning smell.

Turn off the hair dryer immediately and unplug it from the socket.

Let it cool down completely before inspecting the problem.

Check if any hair strands or foreign objects are stuck in the hair dryer.

If the problem persists, contact the manufacturer or a professional repair service.

Thank you for choosing the SENCOR SHD 8270 VT Hair Dryer. We hope this troubleshooting guide was helpful and assists you in resolving any issues you may encounter.
