

# User Guide for Mi True Wireless Earphones

Congratulations on your purchase of the Mi True Wireless Earphones! This user guide will provide you with all the information you need to get the most out of your new earphones.

## Product Overview:

- The Mi True Wireless Earphones come with a charging case that also acts as a storage case.
- The earphones have a charging port on the bottom of each earphone.
- The earphones come with a user manual and three different sizes of ear tips to ensure a comfortable fit.

## Specifications:

- Brand: XiaoMi
- Model: Mi True Wireless Earphones
- Connectivity: Bluetooth 5.0
- Battery life: 4 hours on a single charge, 10 hours with charging case
- Frequency response range: 20Hz-20kHz
- Weight: 4.2g per earphone, 58g for charging case

## Instructions for Use:

1. Ensure that the earphones and charging case are fully charged before use.
2. Remove the earphones from the charging case and insert them into your ears.
3. Turn on Bluetooth on your device and select "Mi True Wireless Earphones" from the list of available devices.
4. Enjoy high-quality sound without any wires!

## Maintenance:

- Keep the earphones and charging case clean and free from dust and debris.
- Avoid exposing the earphones to extreme temperatures or humidity.
- If the ear tips become dirty or worn, they can be replaced with new ones.

## Tips for Enjoying Your Mi True Wireless Earphones:

- Experiment with the different sizes of ear tips to find the best fit for your ears.
- Use the earphones while exercising or doing household chores to make the time pass more quickly.
- Listen to your favorite music, podcasts, or audiobooks to make the most of your earphones.

## Frequently Asked Questions:

Q: How do I charge the earphones?

A: The earphones can be charged by placing them back into the charging case.

Q: How do I know when the earphones are fully charged?

A: The LED lights on the charging case will turn off when the earphones are fully charged.

Q: Can I use the earphones with multiple devices?

A: Yes, the earphones can be paired with multiple devices, but they can only be connected to one device at a time.

Q: Can I answer phone calls with the earphones?

A: Yes, the earphones have a built-in microphone and can be used to make and receive phone calls.

## Creative Ways to Use Your Mi True Wireless Earphones:

- ♦ Listen to a guided meditation or relaxation track before bed to unwind after a long day.
- ♦ Use the earphones to practice a new language by listening to audio lessons or podcasts.
- ♦ Listen to nature sounds or white noise to help block out distractions while studying or working.

## TROUBLESHOOTING:

### Possible problems:

1. Earphones do not connect to device.

Make sure the earphones are fully charged.

Try resetting the earphones by placing them in the charging case and holding down the button until the LED light flashes.

Turn off Bluetooth on the device and then turn it back on.

2. Sound quality is poor or cuts out.

Make sure the earphones are properly inserted into your ears.

Try cleaning the ear tips.

Move closer to the device being used (phone, tablet, etc.).

3. Battery life is shorter than expected.

Make sure the earphones are fully charged before use.

Check to see if any features, such as noise cancelling, are turned on which can decrease battery life.

If the problem persists, try resetting the earphones.

4. One earphone is louder than the other.

Try cleaning the ear tips or switching them out for different sizes.

Make sure the earphones are inserted properly into your ears.

5. Case is not charging earphones.

Make sure the case is fully charged.

Try cleaning the charging ports on both the earphones and the case.

Contact customer service if the problem persists.
