User Guide for Carrera Evolution Most Wanted Slot Car Race Set

Features:

- The Carrera Evolution Most Wanted Slot Car Race Set is a highquality slot car racing track set that provides realistic racing action.
- The set includes 2 cars: a Chevrolet Camaro Sheriff and a Ford Mustang GT.
- The track is made of high-quality, durable plastic and has a length of 14.10 feet.
- The cars are equipped with realistic details and can reach speeds of up to 370-scale miles per hour.
- The controllers feature adjustable speed settings and brake controls for added precision.

Specifications:

- Product Dimensions: 28.9 x 19.1 x 4.5 inches
- Item Weight: 17.03 pounds
- Manufacturer recommended age: 8 years and up.

Instructions for Use:

- Before setting up the track, make sure you have enough space to accommodate the full length of the track.
- Connect the track pieces according to the included instructions, making sure to securely snap them together.
- 3. Place the cars on the track and plug in the power supply.
- Turn on the controllers and adjust the speed settings to your desired level.
- 5. Press the trigger on the controller to accelerate and release to slow down or brake.
- 6. Enjoy racing your cars around the track!

Maintenance:

- To keep your track set in good condition, clean the track surface regularly with a soft, dry cloth.
- Avoid exposing the track to extreme temperatures or moisture, as this can damage the plastic and electronic components.
- Store the track and cars in a cool, dry place when not in use.

Tips for Enjoyment:

- Experiment with different speed settings and brake controls to find the perfect balance for your driving style.
- Challenge friends and family to races or time trials.
- Customize the cars with additional decals or paint to make them unique.
- Try building your own track configurations using additional track pieces or accessories.

FAQs:

- 1. Can I use other cars on this track set?
 - A: No, this track set is specifically designed for use with the included Chevrolet Camaro Sheriff and Ford Mustang GT cars.
- 2. Can I connect multiple track sets together?
 - A: Yes, the Carrera Evolution track pieces are designed to be compatible with each other, allowing you to create larger track layouts.
- 3. How fast do the cars go?
 - A: The cars can reach speeds of up to 370-scale miles per hour.
- 4. Can I purchase additional cars for this set?
 - A: Yes, Carrera Evolution offers a variety of additional cars that are compatible with this track set.
- 5. How do I store the track set?
 - A: When not in use, store the track set and cars in a cool, dry place to avoid damage.

TROUBLESHOOTING:

Issue 1: The car does not start.

Solution:

- Check if the batteries are inserted correctly in the remote and the car.
- 2. Check if the batteries need to be replaced.
- Check if the car has been properly placed on the track and is not stuck.

Issue 2: The car moves slowly or stops in the middle of the track.

Solution:

- Check the track for any blockages or debris that may be impeding the car's movement.
- 2. Check the guide pins at the bottom of the car and make sure they are straight and properly aligned with the slot on the track.
- 3. Clean the track if it is dirty or dusty.

Issue 3: The cars constantly derail from the track.

Solution:

- 1. Check if the track pieces are properly connected and aligned.
- 2. Check the guide pins and wheels of the cars to ensure they are not damaged or obstructed.
- 3. Adjust the speed of the cars to prevent them from flying off the track during sharp turns.

Issue 4: The remote control is not working.

Solution:

- Check if the batteries are inserted correctly and replace them if necessary.
- 2. Check that the frequency of the remote control matches the frequency of the car.
- 3. Check if there is any interference between the remote and the car, such as other electronic devices in the area.

We hope these solutions have been helpful. Thank you for choosing our product and happy racing!
